

## A Note from Dottie Hopkins, April 2018

---

I want to draw attention to these three photos.

The Blyn Ranch ([JST00111](#)): I knew almost every family along the Highway 101 corridor from the Jefferson/Clallam County line west to Sequim. Either they were relatives or family friends, and still feel very connected in what I consider my "homeland."

My great Grandmother Annie Jacob Lambert Reyes ([DHP00672](#)). I love this picture of Gram in the wild flower field - it personifies who she really was.

And finally, my children in 1994 ([DHP00779](#)). They are my legacy. Shown here back row from left are Tony, Jim, Doug, Jeff and Deb; in front Pat and Nancy. At my Elders Honoring in 2016, my son Jeff said "My mother taught us that it is better to die on your feet than to live on your knees." I am very proud of that.
